

FINE ARTS PHOTOGRAPHY

PRICE LIST

Clients & Publications

I have owned and operated Fine Arts Photography for 25 years, serving the Tri-State area's finest Museums, Galleries, Publishers, Artists and Designers. I personally handle all communication with clients, as well as the photography, processing and prompt delivery of all jobs.

Fine Arts Photography has a fully equipped studio, darkroom and custom designed travelling studio for location services. I work in all camera formats (35mm, medium format, 4x5, 8x10), specializing in reproduction quality transparencies. The normal turnaround is three days and rushes can be accommodated.

Four Color Printing is available for large or small quantity output of everything from Photo Business Cards, Brochures, Gallery Announcements, Greeting Cards, Catalogs, and Posters. I can handle pre-press layout, separations and production.

Fine Arts Atelier

offers state of the art Digital printmaking, producing Giclee prints up to 44" x 120".

Archival Fine Art Giclee prints

are printed on 190-500gram Fine Art Printmaking Papers and Canvases using a seven color "Ultrachrome Ink" Printer. They are rated to be archival for at least 100 years. The final prints are each checked for Image integrity & print quality. They are then embossed with the Atelier stamp.
